WideFlow™ (d) (Hummer H3 and others) (Hi-Flow) (a single, <i>wide</i> panel)	32"W x 17"L	30	11½"	450	\$319	\$349	\$349

- (a) Price includes a *pair* of Hood Louvers (except WideFlow, which is a single, *wide* panel), choice of color of Pop Rivets (or "Smooth-Border" Models, where listed, with Heavy-Duty, Under-Panel Mounting Tape) and Step-by-Step Instructions, and Titanium-coated Drill Bit.
- (b) Before covered with Hood Louvers. Deduct, with Louvers in place: 10% for Hi-Flow; 20% for Regular-Flow.
- (c) On WideFlow™ (Hummer H3 and other vehicles), one wide panel per vehicle.

-- All Louver openings are *Angle* Cut, except Size Rectangular and In-or-Out Small Utility Vents (these 3 are *Straight* Cut at a 90° angle). Hood Louvers are packed as *complete* sets, with instructions & color choice of Pop Rivets (Stainless Steel, Black or White) or under-panel tape (Smooth-Border).

-- All Hood Louvers are approximately the same thickness and strength as your vehicle's sheet metal: XL, and WideFlow (H3) are .063" (16 gauge); all others are .050" (18 gauge). Gauges listed are as measured on a standard Steel Gauge.
